

Let's look for mini beasts!

You will need:

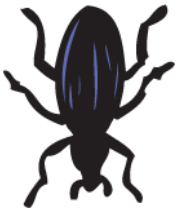

1. Pencil or pen
2. Magnifying glass (optional)

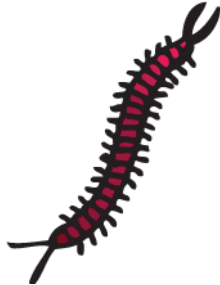

What to do:

1. Go out with a grown up to the garden, wood or park.
2. Look carefully under rocks, stones and plants.
3. See what mini beasts you can find and tick them off the worksheet.
4. Look at the mini beasts closely but don't harm them. Always leave them exactly where you found them.

Beetle

Centipede

Snail

Caterpillar

Earwing

Ladybird

Moth

Ant

Woodlouse
