

Download instructions for Tesco Stores into your Satellite Navigation System

Please note these images are taken from Window XP and may vary from other operating systems.

We update these regularly so to ensure you have the most up to date information please download again soon.

Step 1. Select the compressed download 'Points of Interest' (POI) file, by selecting the make of sat nav that matches yours e.g. Navman.

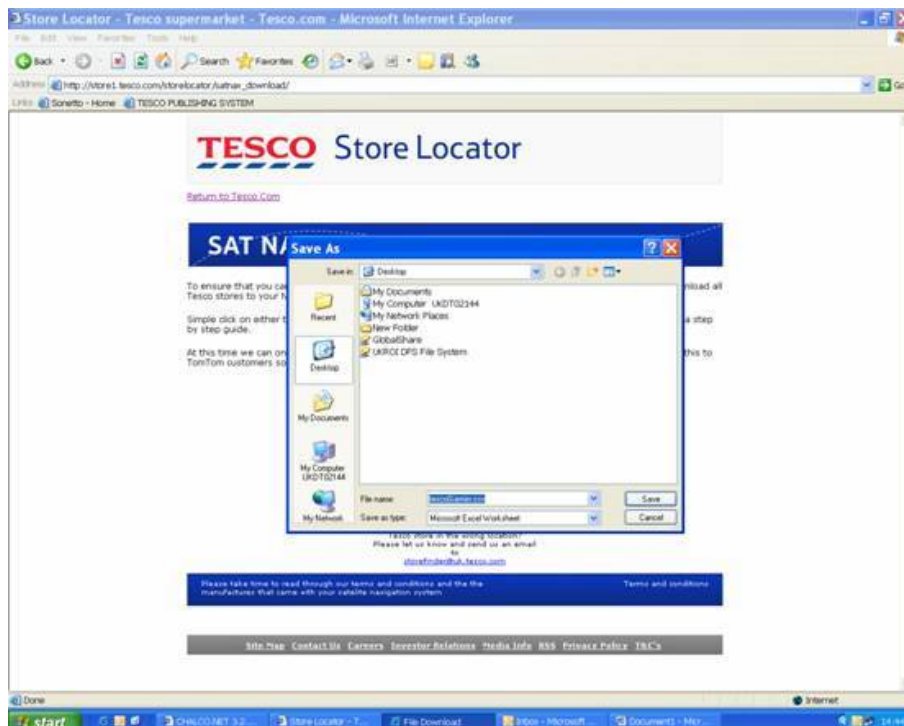

Step 2: Select to 'Save' the file.

Step 3: Select where you would like to save the file on your hard drive, in this example we have selected 'Desktop'.

Step 4: The extracted compressed file should now be located on your desktop
File 1 : tescogarmin.csv

Please note: When downloading a POI file for Navman this will be a ZIP file as it will contain a logo that you can also upload to your device.

Please beware that the file names will vary from device to device

Step 5: Connect your GPS device with your computer.

Step 6: Upload POI files on to your sat nav system as described in your user manual from the manufacturer.

If you need any additional information, please refer to your sat nav manuals or websites.
